Loan-Readiness Report

Nusrat Trims & Accessories · garment accessories trading · Dhaka · as of 2026-10-14

Requested: not specified for working capital

Prepared by SME Finance Copilot from the business's own records. Decision support only - not licensed financial advice, not a credit score, and not a lending decision. Financing terms are illustrative and must be verified with the lender. Forecasts are estimates.

1. Summary

Metric	Value	Basis
Loan-readiness score	83.8 / 100 (strong)	8 components, see section 5
Revenue (last 6 months)	BDT 47,53,640	Apr 2026 - Sep 2026
Gross margin	30.3%	cash basis
Net operating margin	15.64%	before loan repayments
Cash balance now	BDT 1,57,905	opening balance + recorded flows
Lowest balance next 30 days	BDT -1,75,658	2026-10-20
Receivables overdue	BDT 6,17,700	9 invoice(s)

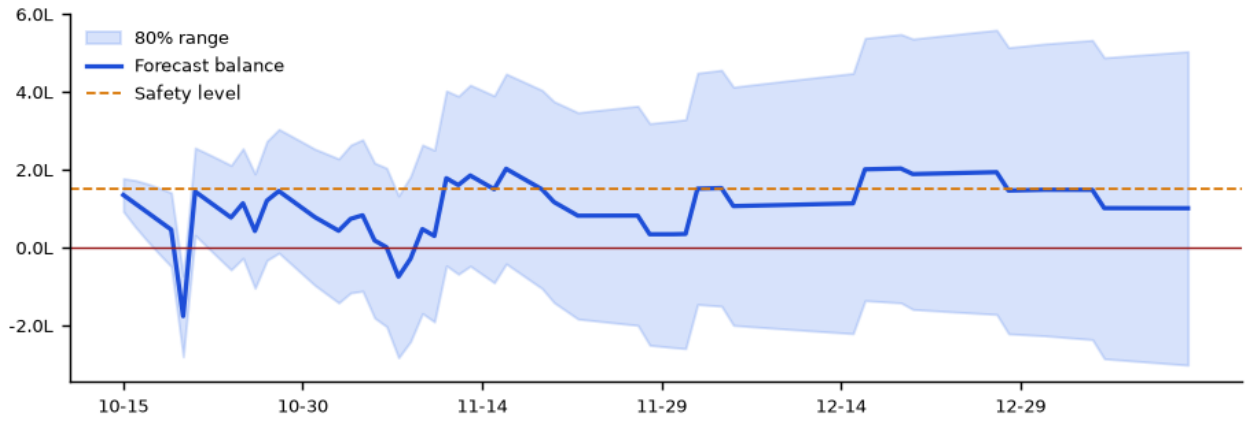
2. Monthly income and expenses

Month	Income	Expenses	Net
2025-11	BDT 6,11,320	BDT 7,12,360	BDT -1,01,040
2025-12	BDT 10,89,130	BDT 7,94,950	BDT 2,94,180
2026-01	BDT 5,62,680	BDT 8,40,780	BDT -2,78,100
2026-02	BDT 9,59,520	BDT 8,48,030	BDT 1,11,490
2026-03	BDT 8,79,990	BDT 11,46,070	BDT -2,66,080
2026-04	BDT 13,39,460	BDT 6,89,060	BDT 6,50,400
2026-05	BDT 7,30,360	BDT 8,65,690	BDT -1,35,330
2026-06	BDT 7,09,400	BDT 6,92,890	BDT 16,510
2026-07	BDT 7,08,480	BDT 6,04,080	BDT 1,04,400
2026-08	BDT 7,08,970	BDT 6,58,205	BDT 50,765
2026-09	BDT 5,56,970	BDT 7,10,450	BDT -1,53,480
2026-10	BDT 1,11,510	BDT 3,21,230	BDT -2,09,720

3. Profitability (last 6 complete months)

Line	Amount
Revenue	BDT 47,53,640
Cost of goods (purchases)	BDT 33,13,500
Gross profit	BDT 14,40,140
Variable operating costs	BDT 87,555
Fixed operating costs	BDT 6,09,320
Operating profit	BDT 7,43,265
Loan repayments (shown separately)	BDT 90,000

4. 90-day cash-flow forecast



Recurring payments detected from your history: Salary ~48,000 around day 28, Loan Repayment ~15,000 around day 20. Credit sales are modelled separately: open invoices on their expected dates, then new credit-sale collections of ~13,260/day from day 39 (your typical invoice-to-payment time). Seasonal factors from last year's months are applied to baseline sales.

5. Loan-readiness components

Component	Points	Evidence
Business age	10 / 10	64 months
Record keeping	14.8 / 15	15 months of records, 2% uncategorised
Revenue stability	11 / 15	variation 0.28
Profitability	15 / 15	net operating margin 15.64%
Debt capacity (DSCR)	15 / 15	DSCR 8.26, operating cash flow ■1,23,878/month
Documentation	13 / 15	missing: VAT registration (if applicable)
Receivables health	3 / 10	45% of receivables overdue (■6,17,700)
Collateral	2 / 5	■1,50,000 recorded

How to improve: • Collect overdue invoices (■6,17,700) - send reminders; lenders read overdue receivables as cash-flow risk. (+up to 7 points) • Smooth revenue by adding off-season products or regular customers on monthly orders; deposit sales into the bank account so they are visible. (+up to 4 points) • Collateral-free scheme loans exist; otherwise an FDR or property helps for larger bank loans. (+up to 3 points) • Get VAT registration (if applicable) - most formal lenders require them. (+up to 2 points)

6. Financing options (illustrative - verify with lender)

Option	Offer	EMI (mid rate)	Total cost of credit	Why
Women entrepreneur SME loan (scheme-type)	BDT 4,00,000	BDT 17,818	BDT 28,644	64 months in business (minimum 12); 6-month average revenue ■7,92,273 meets the ■50,000 minimum
CMSME refinance-scheme loan via participating bank/NBFI	BDT 4,00,000	BDT 18,091	BDT 36,182	64 months in business (minimum 12); 6-month average revenue ■7,92,273 meets the ■1,00,000 minimum
Credit-guarantee backed collateral-free SME loan	BDT 4,00,000	BDT 18,736	BDT 53,667	64 months in business (minimum 18); 6-month average revenue ■7,92,273 meets the ■1,50,000 minimum
MFI microenterprise loan	BDT 4,00,000	BDT 20,751	BDT 1,02,030	64 months in business (minimum 6); 6-month average revenue ■7,92,273 meets the ■30,000 minimum
Bank working-capital / overdraft line	BDT 4,00,000	BDT 35,727	BDT 31,723	64 months in business (minimum 24); 6-month average revenue ■7,92,273 meets the ■3,00,000 minimum

Not a fit now: Bank SME term loan (needs collateral of about ■2,00,000; recorded collateral is ■1,50,000); Invoice / receivable financing (bill discounting) (needs unpaid invoices from buyers); New-entrepreneur / start-up fund loan (scheme-type) (meant for businesses under 60 months

old; you have 64)

7. Data sources

Figures are computed from: csv:bank_statement.csv rows 129-216 (88 txns); csv:bkash_statement.csv rows 2-44 (54 txns); csv:expenses_ledger.csv rows 106-175 (58 txns); csv:sales_ledger.csv rows 237-393 (157 txns). 357 transaction rows used for profitability.
